PARTICIPATING PROVIDER LIST (ALPHABETICAL BY CITY)

Choose a Primary Care Physician for each member of your family from the following list. Please be sure to put the provider name on your enrollment form.

Physicians Assistants and Nurse Practitioners work with SLVHMO Participating Physicians and may be seen by our members. Physicians Assistants and Nurse Practitioners are not physicians but are trained in medicine to work with and under the supervision of physicians. Physicians Assistants and Nurse Practitioners can be of help to you in medical situations. They cannot be selected as your Primary Care Physician. If you have questions about Physicians Assistants and Nurse Practitioners, we would recommend you ask your Primary Care Physician for advice.

SLVHMO has formal arrangements for specialty care with more than 1,000 physicians covering all physician specialties. These physicians are in Pueblo, Colorado Springs and Denver. Participating SLVHMO specialists must be used for specialty care. Individual cases requiring rare and unusual care will be arranged on a case-by-case basis in the most appropriate fashion.

NOTICE: Enrolling in SLVHMO does not guarantee services by a particular provider on this list. If you wish to be sure of receiving care from specific providers listed, you should contact those providers to be sure that they are accepting new patients. Also, we may add or delete physicians on a periodic basis and will provide you with a listing of newly added or deleted doctors in your local area, if you request it.
